## Important Library Updates

This month we are continuing our NICU Intermediate Library updates with several new versions available. We've also made some edits to our Accreditation & Regulatory Library due to support issues. In our PICU Library last month, we released our new Oncologic Emergencies course and you can read more about it on our website. *(log-in required)*

### **Featured: New! Oncologic Emergencies v1.0**

This course will review many of the common oncologic emergencies that occur in the pediatric population.

## Spotlight on Success!

Congratulations to **Miami Children's Health System** who achieved *Training Magazine's* Top 125 rankings. The Top 125 ranking is determined by assessing a range of qualitative and quantitative factors, including financial investment in employee development, the scope of development programs, and how closely such development efforts are linked to business goals and objectives. Congrats on all your hard work and dedication to learning and development!
